François Langot, Université du Mans

Thepthida Sopraseuth, Université Cergy-Pontoise

The GATE of University of Lyon 2 will hold the workshop on health and heterogeneities, 14-15 October 2019. The aim of the workshop is to bring together academics and researchers in health and labor economics. The workshop seeks to improve the networking of economics and to promote exchange of current research related to heterogeneity in health, wealth and labor market transition.
